About

Bear Springs pays homage to the origins of this beautiful wine and the Californian wildlife that inhabits this wonderful part of the world. This wine is very appealing and showcases the approachable sun driven Californian ripeness that is so popular the world over. Noted for its classic Mediterranean climate and distinctive sandy soils California is perfectly suited for premium wine growing and the production of world class White Zinfandel wines.

Winemaking

Grapes are carefully selected, harvested and pressed immediately to preserve flavour and colour. The wine is fermented to the perfect temperature and arrested at the just the right moment to assure a good natural structure. As a result, it tastes fresh and luscious with vibrant fruit flavours.

Tasting Notes

Lively and refreshing flavours of ripe strawberry and juicy watermelon combine with a delicate sweetness and crisp acidity. Serve chilled on its own or with chicken, pork, salads or soft creamy cheese.
