About

The name Waipapa (pronounced Why-papa) comes from the laid-back surf spot on the Pacific Ocean, a place of stunning, natural beauty. It is a fantastic spot for wildlife watching and inspired the label design. Waipapa Bay Wines has partnered with Whale and Dolphin Conservation (WDC) as the charity's first wine industry partner, a milestone in Waipapa Bay's ongoing commitment to supporting global conservation and sustainability efforts.

Winemaking

The grapes are grown in Marlborough region. Here the vineyards benefit from a continental climate which enhances the development of the characteristic aromas and flavours. Waipapa Bay is made at Spring Creek Vintners, an independent contract winemaking facility conveniently situated at Spring Creek, Marlborough. It's a state-of-the-art winery offering a full range of specialised winemaking services.

Each vineyard block is harvested and fermented separately. This wine has been fermented in temperature controlled tanks using carefully selected yeast. Once fermentation is completed the different tanks are then assessed and carefully blended.

Tasting Notes

Passion fruit and grapefruit flavours combine with aromas of gooseberry and hints of citrus. Delicious served chilled with seafood, chicken dishes, fresh green salads or on its own.

Waipapa Bay Sauvignon Blanc

South Africa

WAIPAPA
BAY

About

The name Waipapa (pronounced Why-papa) comes from the laid-back surf spot on the Pacific Ocean, a place of stunning natural beauty. It is a fantastic spot for wildlife watching and inspired the label design. Waipapa Bay Wines are proud supporters of [Whale and Dolphin Conservation \(WDC\)](#), the charity's first wine industry corporate sponsor, a milestone in Waipapa Bay's ongoing commitment to supporting global conservation and sustainability efforts.

Tasting Notes

Made from grapes grown in the Western Cape of South Africa with a cooling ocean breeze, this crisp Sauvignon Blanc displays aromas of passion fruit and gooseberry, tropical fruit flavours with a hint of white peach and a natural acidity.

Food Matching

Delicious on its own or pairs well with warm goats cheese salad or asparagus risotto.
